PROFILE

UI/UX Designer with **1+ year** of experience delivering **end-to-end UI/UX design** for **consumer apps, SaaS platforms, and Enterprise Web Applications**. Skilled in **UI design, UX research, wire-framing, high-fidelity prototyping**, and **design systems** — with a proven ability to own the full design cycle from discovery through **developer handoff**. Experienced working in **Agile** teams alongside Product Managers and Engineers. Additional background in **graphic design, branding**, and **video editing** brings strong **visual design** instincts and content-first thinking to every product decision.

WORK EXPERIENCE

Squareboat

Jan 2026 – Present

UI/UX Designer · Full-time

- Led **end-to-end product design** across **Hudle, Orikam, Anviyans**, and **Squareboat Website Revamp** — from discovery through pixel-perfect dev handoff.
- Built and maintained **Design Systems** and **Component Libraries** across all products, establishing **token structures, UI guidelines**, and **reusable interaction patterns** for web, mobile, and admin surfaces.
- Collaborated with **Product Managers, Engineers**, and **Stakeholders** in **Agile sprints** — translating briefs and research findings into **wireframes, high-fidelity prototypes**, and **annotated interaction** specs.
- Conducted **UX Audits** and **Competitive Analysis** to identify usability gaps and **conversion rate optimization** (CRO) opportunities across all product lines.
- Ran Design **QA cycles** before every release — validating **responsive design, layout consistency**, and **interaction fidelity** across devices and breakpoints.

UI/UX Designer Intern

July 2025 – Dec 2025

- Redesigned **information architecture (IA), visual language**, and **conversion-focused** landing pages for three brand verticals **Squareboat Website, Grid Design, and Crewmate** in collaboration with SEO and Marketing teams.
- Delivered full **UI design** for two internal tools — **Squareboat CRM** and **Navigator HRMS** —from **wireframing** through **high-fidelity UI** to **prototype handoff**.
- Designed **SEO-optimised** landing pages with **CRO-aligned** layout patterns; flagged and resolved **responsiveness** and **layout issues** throughout development cycles.

Freelance

Mar 2024 – Jun 2025

Graphic Designer & Video Editor

- Designed **brand identity systems** for multiple clients — including **logo design, brand guidelines, colour palettes**, and **typography systems** — delivering cohesive visual identities across digital and print touch points using **Photoshop** and **Illustrator**.
- Created **YouTube thumbnails, social media graphics**, and **content templates** optimised for engagement — and produced **brand films, reels, short-form video content**, and **motion graphics** using **Adobe Premiere Pro** and **After Effects**, covering full shoot-to-export workflow including **color grading** and **motion titling**.
- Delivered end-to-end **branding packages** — **logo, brand kit, social templates**, and **video assets** managing **client briefs, revision cycles**, and final delivery independently across concurrent accounts.

PROJECTS

SPORTS TECH · BOOKING PLATFORM

Hudle

- Redesigned **consumer** and **partner app UI** with a unified **visual language, component-based design system**, and **responsive** layouts.
- Shipped **Paid Games, Prepaid/Postpaid booking flows**, and **Advanced Filters** — covering all screen states and **edge cases**.
- Designed **Game Reports** dashboard with **data visualisation** and **pixel-accurate** dev handoff specs.

B2B E-COMMERCE · HEALTHCARE & DENTAL

Orikam

- Designed **end-to-end e-commerce UI** product listings, **search, cart**, and **checkout flow** — across platform and **admin panel**.
- Designed **admin panel** with **order management, inventory views**, and user role screens with full **handoff documentation**.
- Built complete **Design System** and **Component Library** from scratch with all **variants, states, and spacing tokens**.

CORPORATE · BRAND & WEB · MULTI-VERTICAL

Squareboat Website

- Managed design across all three verticals **Squareboat, Grid Design**, and **Crewmate** simultaneously
- Built a **unified Design System** and conducted Design Reviews across all properties
- Collaborated with **SEO and Marketing** on conversion-optimised landing pages
- Led Design QA ensuring **pixel-perfect, responsive implementation** throughout

TRAVEL TECH · BOOKING & EVENTS PLATFORM

Anvayins

- Designed **end-to-end UI** across **web app, mobile app**, and **admin panel** on a consistent design **token system**.
- Crafted **package discovery flow, browse** and **filter UI**, and multi-step booking screens for seamless **user journeys**.
- Designed **event listing pages, itinerary views**, and account screens with **responsive layouts** and **interaction specs**.
